### An abstract must include the following information

- **Aim:** Clearly state the purpose
- **Material & Methods:** Clearly describe your selection of observations or experimental subjects
- **Results:** Results shall be presented in a logical sequence
- **Conclusions:** Emphasize new and important aspects, perhaps as a discussion section, along with corresponding conclusions
- All abbreviations must be defined in first use
- Avoid text in bold or italics
- Use single line spacing
- Statements such as, “results will be discussed” or “data will be presented,” will not be accepted
- Omit references and acknowledgements at the bottom of the abstract page
- There are three categories of presentations available – oral, video or e-poster. Presentation slots are limited. Therefore, some abstracts may be re-allocated from oral to poster presentation

### Submission guidelines

- Abstracts are required for ALL oral presentations and e-posters
- Abstracts shall be submitted by **January 20th, 2025 (23:59 GMT)**
- Abstracts must be written in clear English
- Final placement as an oral or e-poster presentation is subject to the discretion of the Scientific Committee
- Please note, an abstract may be scheduled for presentation on any day of the conference
- Abstract titles should be brief and reflect the content of the abstract
- Ensure that your abstract is grammatically correct and free of typographical errors
- Please check the presenting author when you type the author information online
- If you do not receive an e-mail confirmation, it means we have no record of your submission. If you are sure that you made a submission, check the e-mail address that you used to make your submission
- The presenting author will be underlined in the program and serve as the contact for further correspondence with authors
- Withdrawal of abstracts will only be accepted if notification is provided to EHS Paris 2025 in writing, and subsequently confirmed by the Conference Secretariat. Withdrawal of an abstract is only possible up to 14 days after notification of acceptance
- Generic names must be used for all references to products or companies. Brand names may be inserted as a reference at the bottom of the abstract page. Papers containing company names or brand names in the abstract text may be rejected. The Scientific Committee reserves the right to replace any brand name with a generic name without further notice
